# Street Atlas USA<sup>®</sup> 2006

---

The Report program integrates with DeLorme Street Atlas USA<sup>®</sup> 2006 location map software.

Generate location maps for the subject property and corresponding comparable properties using Street Atlas USA<sup>®</sup> 2006, and import the finished map into a report.

## Setting Default Map Providers

---

Selecting a default provider for location maps enables the toolbar icon to launch the specified mapping program.

1. Click **Options > Environment > Mapping**.
2. Select *Delorme Street Atlas* from the *Create Location Maps Using* drop-down list.
3. Click **OK** to save the selection.

## Generating Location Maps with Street Atlas USA<sup>®</sup> 2006

---

1. Click **Tools > Mapping > Street Atlas USA**, or click the **Generate Map** icon () on the toolbar.
2. An instruction window opens. Click **OK** to launch Street Atlas USA<sup>®</sup> 2006. Street Atlas USA<sup>®</sup> opens to a sample map on the *Map Files* page.
3. Click the **Find** tab.
4. Click the **Address** button. If addresses from a previous report are listed in the *DeLorme Address Book*, click **Clear All**, and click **Import**. If no addresses are listed, click **Import**.
5. Select the *First Row is a Header* check box on the *Import into DeLorme Address Book* window, and click **Browse**.
6. Select the address file (yourfilename.txt) and click **Open**.

**NOTE:** The default directory is C:\DeLorme Docs\Draw. If another directory is displayed in the *Look in* field, click the drop-down arrow to select the correct path.

7. The Subject address is displayed on the *Import into DeLorme Address Book* window. Click **OK**.

8. Click **OK** on the *Find* window to confirm the number of imported addresses and return to the *DeLorme Address Book* window.
9. Highlight the Subject address in the list, click **Go To**, and click **Done**.

## Editing the Map

---

### Moving Markers

1. Click the **Drag Address Book Entries** icon.
2. Click and drag the red address markers to position the markers on the map.

### Centering the Map

Click a location on the map to center the map on that location.

## Importing the Map into a Report

---

1. Click the **Print** tab.
2. Click the **Copy Map to Clipboard** icon.
3. Close Street Atlas USA® 2006. Saving the map is not required.
4. Click the **Location Map** page in a report.
5. Click **Edit > Paste** or right-click in the map box and select **Paste**, or press **CTRL+V** on the keyboard.
